

Yate Academy - Curriculum Long Term Plan

Subject: Sociology

Curriculum Statement	
<p>AQA A-level Sociology students are Yate will develop a deep and critical understanding of society, social structures, and cultural norms, while also gaining the analytical tools to question inequalities and power dynamics.</p> <p>We aim to foster intellectual curiosity, independent thinking, and an appreciation of how sociological theory connects to real-world issues. Ultimately, we hope students leave the course not only exam-ready but also more socially aware and capable of engaging in informed debate about contemporary social issues.</p>
